ROOSEVELT ELEMENTARY SCHOOL SUPPLY WISH LIST

ASD Kindergarten Continued

- A seasonal appropriate change of clothes that we can keep at school, extras may be desired if your child will be working on a toileting program or likes to get “down and dirty” at recess etc.
- A large button down shirt for art class (to be worn over clothes while painting and getting messy)
- A pair of rubber-soled shoes for gym day
- Weather appropriate outerwear. We go outside for recess everyday as long as the weather is deemed appropriate by LPS guidelines so please keep this in mind as far as jackets, winter clothing when it gets colder. Sometimes it is chilly enough in the morning for a jacket and by afternoon it has warmed up so we would have your child put their jacket in their backpack.
- If you will be purchasing any of these things new this year (ie. boots, shoes, coats, mittens etc. please keep in mind that we work very hard to encourage independence with our young ones and we highly recommend Velcro, boots with zippers, mittens instead of gloves, pants that don't need belts to hold them up, etc.) As cute as many clothes are at the stores, some of them can be challenging for our kids to handle independently.

Please note:

- *Each individual teacher may have some items to add to his/her list (specifically for students in his/her class).*
- *These are suggestions and should not be considered requirements.*
- *Any family unable to provide these supplies should let their child's teacher know and arrangements will be made.*
