Music Lessons Week of May 5/4/20

Pick one of the two following activities this week!

1. Color Your Music!

Use the links below to access musical coloring pages! There are Many different levels I included for you to pick from. Select and print as many as you'd like! If you don't have a printer, draw your own musical picture to color. While you are coloring, play your favorite music in the background! Here are some COLORING PAGES! When you finish, you can email a picture of your drawing to

2. Take a Musical Walk

Go on a walk in your neighborhood or backyard. Notice all the different sounds that might be going on around you. Each time you notice a new sound, write down the sound or draw pictures of all the sounds that you hear. Listen very carefully. Maybe you are creating some of the sounds!

Things to Wonder About:

Was the sound long or short? High or low? Fast or slow?

Did any sounds form patterns?

Did the sound remind you of any musical instruments? Which one?

Did you make any sounds while you were listening?

Were there any sounds that remind you of a song?

What were your favorite sounds?

What one item around the house (non-electronic) would you choose to copy one of the sounds?

From Dr. Livingston:

For accommodations in writing, students may click on the microphone in Google docs and engage in Speech to Text, if they have fine motor needs. They may also use CoWriter, already installed in all Chromebooks-this is a word predictor as the child types, very much like typing a text message on a cell phone.
