

LIVONIA PUBLIC SCHOOLS

January 7, 2021

Good Afternoon LPS Families,

As promised, we would like to update you on the plans for the return to in-person learning for our students.

After review of current community and regional data, followed by discussion among the Board of Education last evening, the district will move forward with the Board's determination to resume in-person instruction on the following schedule:

- Monday, January 11: All Pre-K, K-4, 5-6 and all Pre-K - Post Secondary students who are in special education programs (ECP, local center programs at Grant, Randolph, Johnson, Frost, Churchill and LTP and our ASD, MOCI, Garfield Workskill and VI classrooms).
- Tuesday, January 19: All middle school and high school students.
- All school days will be full days, five days per week.

We look forward to welcoming our students back into our schools, and we appreciate the patience and perseverance shown by our students, staff and families during this challenging school year.

In preparation for the return to in-person instruction, please review the attached screening form, which should be used each day prior to students arriving at school.

Additional reminders about the safety mitigation measures which remain the same as they were prior to our pause in face-to-face learning:

- Masks are mandatory for all students and staff, at all times except while eating.
- All cleaning protocols and hygiene practices will continue in all schools.
- Students and staff will continue practicing physical distancing as was in place prior to our pause in face-to-face learning.
- Students who ride a bus are required to wear a mask. Hand sanitizing dispensers are located on all buses.
- Volunteers and guests are not permitted in the schools at this time, per state guidelines.
- For more information regarding level-specific safety measures, visit www.livoniapublicschools.org/return and click on the documents posted under "Communications Log."

Please watch for email communication from your student's principal or program coordinator, which will cover additional information that will help make this a safe and successful return to in-person instruction.

We look forward to seeing our students back in school over these next two weeks and thank you for your continued partnership each step of the way!

Sincere regards,

Andrea L. Oquist

Superintendent
