

Good Afternoon LPS Families!

We are happy to provide an update to you on the latest information regarding our Return to Learn plan following the Safe Start September remote start to the 2020-21 school year.

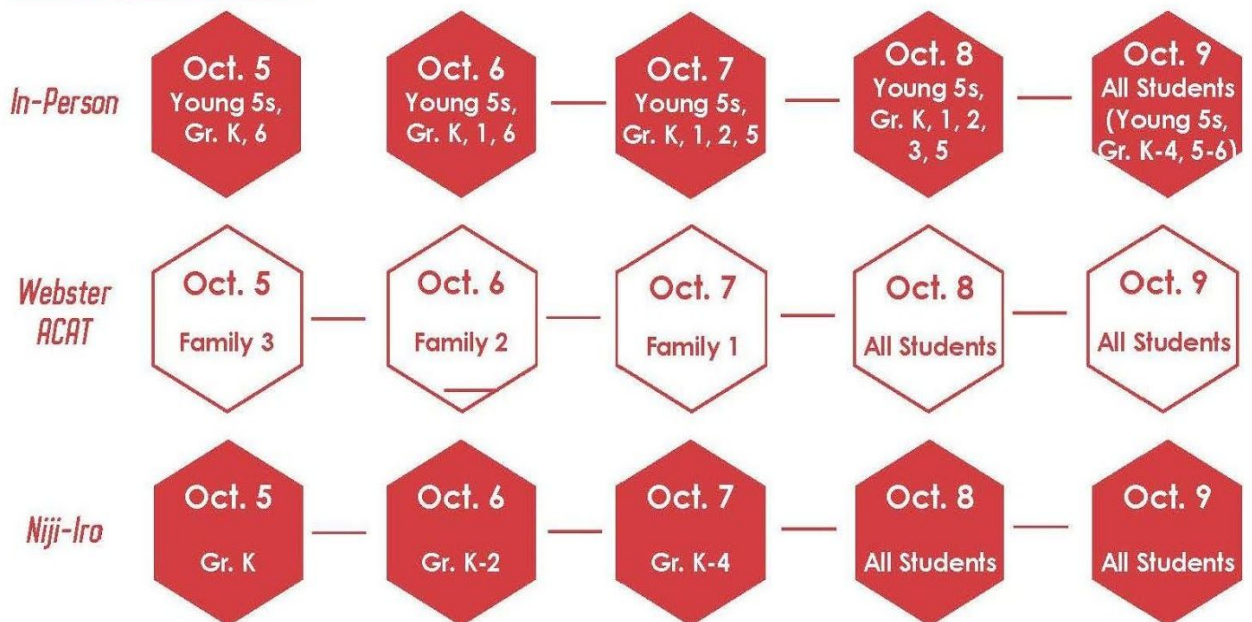

The LPS Board of Education, last evening, voted 7-0 in favor of returning to in-person instruction, beginning in a phased manner on Monday, October 5.

To assist our school teams in preparing for October 5, this Friday, October 2, will be a self-guided (asynchronous) day of learning for all students (including Livonia Virtual students). There will be no live instruction on this day.

Below are the schedules for the return to in-person instruction, by level, and the daily time schedules. Please keep this handy, as we approach next week. If you have questions, please feel free to contact your child's school secretary by dialing the main office.

ELEMENTARY: PRE-K THROUGH GRADE 6

Elementary Transition Plan

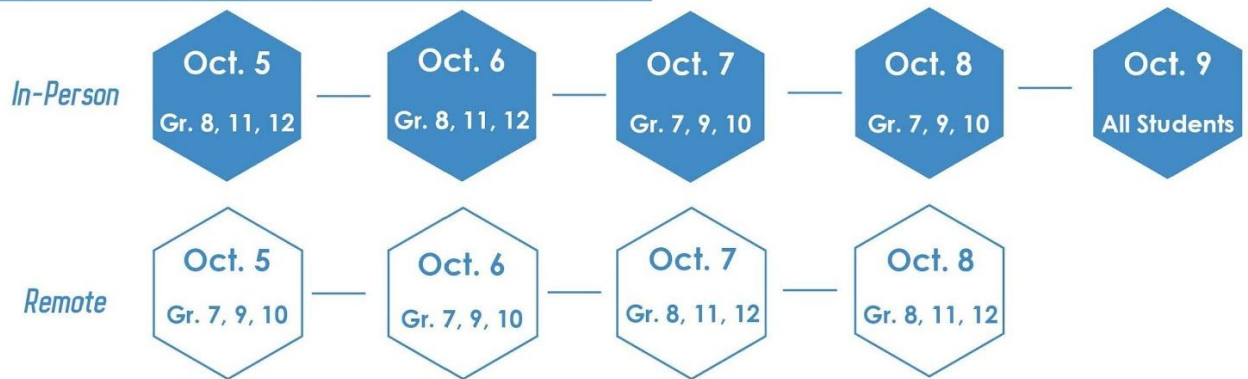

Learning continues for all; students who are not in-person will continue on their remote learning schedules.

Transition Plan: Special Education

Pre-K - Post-Secondary Full Time RCR & Center-Based Programs

Week of October 4

- **Special Education plan is modeled after the general education plan:**
 - **Return is full day: Based on grade level or student/district**
 - **Monday / Tuesday group and Wednesday / Thursday group**
 - **The specific plan for each program will be communicated with families.**
 - **Questions may be directed to Jen Taiariol at jtaiariol@livoniapublicschools.org.**

Following the week of October 5, all students will attend full-day, in-person, five days per week. Block schedules at the middle and high school levels will continue throughout the school year.

“We are excited to bring our students back to in-person instruction at all of our schools,” said Superintendent Andrea Oquist. “A great deal of planning and hard work by many has gone into the creation and fine-tuning of our comprehensive plans and we are eager to bring these plans to fruition starting on Monday, October 5. Detailed health and safety protocols have been put into place that are in accordance with MiSafeStart guidelines for

the well-being of our students and staff. We know it will take each of us ~ students, staff and parents ~ doing our part daily to make this successful.”

Please see the attached slide presentations for answers to any questions you may have regarding the school day, safety procedures and district protocols for in-person instruction.

Thank you for your support and patience as we have worked together to implement these plans for a safe and effective return to school.
